Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Wednesday 21 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Fine, mainly dry and hot on Wednesday.

Today:
Any early low cloud or fog soon clearing, leaving another fine and largely dry day with plenty of sunshine. Some clouds bubbling up during the afternoon, with a risk of a thundery shower, mainly in the east. Feeling hot. Maximum temperature 30 deg C (86 deg F).

Tonight:
Turning clear and dry in most areas this evening and overnight. Easternmost parts may see some low cloud through the early hours, with hill fog over the Pennines. Feeling warm. Minimum temperature 14 deg C (57 deg F).

Thursday:
Any early low cloud or fog clearing through the morning with plenty of sunshine to follow. Some cloud developing during the afternoon with some isolated, possibly thundery showers. Feeling hot. Maximum temperature 30 deg C (86 deg F).

Outlook for Friday to Sunday:
Largely dry on Friday with sunny spells and isolated showers. Turning cloudier on Saturday, with a band of possibly thundery rain arriving overnight and into Sunday. Becoming less hot.
